OVERVIEW

Our team is committed to helping our clients maximize the full economic value of their investment. We work with clients to seek reassessments for real estate and to obtain property tax abatements often arising from environmental impacts on the real property or associated with Brownfield redevelopment efforts. We are knowledgeable about the nuances of the Indiana property tax system and recently assisted numerous clients in appealing property tax assessments that were as much as 300% of the previous assessed value for commercial properties located throughout the state.
