

In this State, lawyers take an oath to **never reject**  
the **cause of the oppressed.**

This cause is upon us.

The **injustices** committed against the **Black**  
**community** have gone unanswered far too long.

We must **act.**

On June 19 we will come together in solidarity as a  
legal community and commit to taking individual and  
collective actions to achieve racial justice.

This is **a call to action.**

Join us at 1:30 p.m. on the lawn in front of IU  
McKinney School of Law.
